

## Science

In Science, we will be focusing on; states of matter, properties, and changes of materials. We will be looking at the difference between solids, liquids and gases. What happens when heat and cool food and are these reversible or irreversible changes.

## PSHCE (Wellbeing)

Joining In and Joining Up  
Children will learn about the range of jobs at home/school, they will understand about the local council, understand the process of voting and how this has an influence in school and the local community.

## 5w2w (5 ways to wellbeing)

Different Families, Same Love

We will be discussing how all families are different.

## Geography

This half term we are looking at comparing the UK with the Caribbean Islands. Having a focus on human and physical features of both Islands. We will also look and compare the climate zones and trade links within the countries.

## History

We will look at the history of trade in the Caribbean islands and how this has helped the economy.

## Literacy

Reading and Composition: This half term we will be looking at stories from other cultures, writing and illustrating a song in Swahili and write their own Ananse Story. We will also look at traditional stories from the Caribbean linking to our project 'Pirates'.

We will also be looking at poetry by heart, here we will look at a selection of poems and find our favourites to perform in front of the class, developing our spoken language skills. They will also write their own poem using fronted adverbials, with a link to 'Pirates'.

Spelling: We shall be practicing our statutory spellings for y4/5.

## Elm Y4/5 Curriculum Plan Summer 2 'Pirates'

## Numeracy

Number:

Number and Number system - Looking at fractions of amounts and calculating with fractions.

Calculating - Problems solving and calculating fractions of amounts.

Pattern and Algebra - Find patterns, use logic and reasoning, and find general rules.

Geometry:

We will be looking consolidating everything we have learnt in geometry this year. We will be using co-ordinates in our lessons linking to finding treasure and creating treasure maps.

## Computing

Junior Jam will be delivering our iAnimate lessons this half term.

## PE

Edstart will be delivering our PE lessons. Learning lots of new skills, and sportsmanship.

## RE

This half term we will be looking at Islam. Focusing on family life. Focusing on signs of Allah, books of guidance and worship in practice.

## Art

We will be completing our own tea stained treasure maps and using co-ordinates to find hidden treasure.

## Design Technology

This half term we will be continuing looking at cooking. We will be focusing on Caribbean food. Starting by trying tropical fruit and making a fruit kebab with their favourite fruits.

## MFL

Developing an understanding of words and phrases.
