

## **Communication and Language**

This term we will be focusing on speaking and listening to our friends. We will practise taking turns and using role play to express our feelings. We will also be talking about ourselves and our families.

We will be talking about the books that have read and sharing our opinions.

## **Personal Social and Emotional Development**

This term we will be getting to know each other and writing a set of class rules. We will be learning about our new school and starting to ask questions about our new surroundings.

## **Physical Development**

This term we will be experimenting with different ways of moving and travelling. We will be practising writing our names and learning to hold a pencil comfortably. We will also be using one handed tools to cut with increasing accuracy.

## **Mathematics**

This term we will be doing lots of counting, adding and subtracting throughout the day. We will be counting the things that we see and starting to understand when and why we need to count. We will be reciting numbers in order starting from different numbers and learning about when it is useful to count backwards. We will be using language to compare objects of different sizes and describing the position of objects accurately.

Stansfield Hall Church of England  
and Free Church Primary School

Willow Curriculum Plan  
Autumn 1 – 'We are Britain'

## **Literacy**

This term we will be listening to stories with repeating patterns and joining in with different rhymes.

We will be starting to make marks using different tools and we will start to use initial sounds.

In Phonics we will start to learn about the sounds that letters make and beginning to write them down.

We will be taking our first reading books home and we be starting to talk about stories that we have read.

## **Understanding the world**

This term we will be learning about ourselves and our own timelines. We will be talking about significant events in our own lives and learning about significant events in history. In Science, we will talk about our different body parts and compare them to animals' bodies. We also be learning about caring and belonging in Christianity.

## **Expressive arts and design**

We will be using different colours to paint self portraits and different textures to make collages. We will also be designing our own felt bunting.
