

Science

(Understanding the World)

This term we will be learning about scientists and inventors. We will learn about different inventions and will explore the materials used to make them. We will investigate other materials that keep us warm and carry out simple tests. We will also find out about vets and zookeepers.

PSHCE (Personal, Social and Emotional Development)

This term we will be learning about money and how we can look after it. We will also think of different ways to save money.

5w2w (5 ways to wellbeing)

This term our focus is 'Keep Learning! We will be finding out how we can carry on learning new things outside of school.

History

(Understanding the World)

This term we will be learning about toys throughout the 20th century and early 21st century. We will talk about our favourite toys and then look at what toys our parents and grandparents played with. We will find out about the past by asking questions and looking at different sources of information. We will compare different types of toys and discuss how toys have changed over time. We will also think about what toys might look like in the future.

Literacy

(Language and Communication)

This term we will continue to learn a new sound each day and practise blending them in words.

We will be looking at fantasy stories and stories in imaginary worlds and using our story telling skills to write our own.

We will also be learning how to write a set of instructions and we will have a go at following a set that we have read together.

Reception/Y1 Curriculum Plan Spring 1 'Tools and Toys'

Numeracy

(Mathematical Development)

This term we will be practising our counting skills and counting all the way to 100! We will be ordering numbers and counting quantities of up to 20. In addition, we will be counting objects that cannot be moved.

We will be learning about addition by saying one more than a given number and looking at the addition symbol.

In shape, space and measure, we will be sorting and describing different 2D shapes. We will also be learning about repeating patterns and symmetry.

Computing

(Understanding the World)

This term we will be learning about how to use the internet to find information. We will also be learning how to use a computer.

PE (Moving and Handling)

This term we will be continuing to work with the EdStart team. We will be learning how to follow instructions and how to take part in team games. We will also be learning about respect, self-control and concentration in our weekly Karate session.

RE (Understanding the World)

This term we will be learning about different places of worship and what makes them unique. We will use our knowledge of these places to design our own place of worship.

Art (Expressive Arts and Design)

This term we will be looking at nature sculptures and finding out about different artists. We will also use different materials to make our own sculptures.

MFL

This term we will be learning French vocabulary for numbers and colours. We will also be practising saying greetings in French.
