## Pupil Absence

A reminder that parents should contact school before 9:00am each day that their child is absent to keep us informed so that we can update our attendance records. If we do not hear from you, we will call all numbers on your contact form until we find out why your child is absent.

If your child is attending a medical appointment, school require evidence so that it can be an authorised absence. This evidence can be an appointment card, letter or the container of medication with the label showing the date it was dispensed from the pharmacist.
